Education

B.Tech in Computer Science Engineering 2025–2028
DYP CET, Kolhapur
CGPA: 7.89

Diploma in Engineering 87.24%
New Institute of Technology

High School 80.20%
Private High School, Kolhapur

Technical Skills

Languages: C, C++, Python, Java

Web: HTML, CSS, React, Node.js

Embedded: Arduino

ML / CV: OpenCV, TensorFlow

Tools: Git, GitHub, VS Code

Achievements

- Scored **87.24%** in Diploma Engineering.
- Participated in **Hackathons and Ideathons**.
- Developed an **Email Spam Detection** ML project.

Interests

AI, Machine Learning, Computer Vision, Web Development, UI/UX, Creative Designing

Projects

Email Spam Detection (Machine Learning) *Python, Scikit-learn, NLP*

- Built a preprocessing pipeline to classify emails as Spam or Ham.
- Used TF-IDF and machine learning classifiers for automated filtering.

Women Security App (Mobile Application) *Java, Android, Firebase*

- Designed modules for personal safety and emergency assistance workflows.
- Integrated application screens with backend data management services.

Airline Management System (Database Application) *Java, JDBC, MySQL*

- Developed modules for flights, passengers, bookings, and records.
- Integrated JDBC and MySQL for persistent database operations.

Smart Face Attendance System (Computer Vision) *Python, OpenCV*

- Built a facial-recognition workflow for automated attendance marking.
- Applied image processing and face encoding for user identification.

Courier Management System (Desktop Application) *Java, Swing, JDBC, MySQL*

- Designed modules for customer, courier, and delivery management.
- Connected the Swing interface with MySQL-based CRUD operations.

Mandala Art Gallery Website (Web Development) *HTML, CSS, JavaScript*

- Developed a responsive gallery with artwork and navigation modules.
- Applied responsive layouts and visual hierarchy for better UX.

Leadership & Activities

Event Coordinator 2023–2025

- Supported planning, coordination, and execution of college events.
- Contributed to creative designing and event-related responsibilities.

Core Team, Hackathon & Ideathon Member 2025–Present

- Collaborated on technical ideas, projects, and presentations.
- Contributed to coding, problem-solving, creativity, and design.
